Mina Museum now open to the public

The Mina Museum is now open to the public for viewing. The collection of artifacts and other objects with historical importance to the creation of the town of Mina are found in the museum. Others found on it are old relics, antiques, religious images, valuable things and materials, visual map of the town and gallery of old pictures of Mina's prominent leaders. It is located on the second floor of the two-storey building with an e-library on the ground floor and is very accessible to the public since it is along the national highway fronting Mina's plaza.

A Heart of Executive Couple Towards Teen Mothers

(Speech of Former Mayor Lydia Grabato during the Unmet Need Reduction Strategy Regional Technical Conference conducted by DOH in coordination with USAID held at Iloilo Convention Center on June 9, 2017).

Thank you very much for that introduction and for inviting me to speak before you. Distinguished guests – DOH Sec. Pauline Ubial, representatives from USAID, NGO's, DOH Regional & Provincial Directors and LGU representatives, guests, Ladies & Gentlemen. I immediately accepted the invitation in as much as the topic for me to

tackle is close to my heart. The DOH Family Planning – Maternal Child Health Nutrition Program (FPMCHN) particularly the Adolescent and Reproductive Health Clinic (AYRHC).

The Teen Mom's Clinic was established and launched at the Municipality of Mina on February 20, 2015 as the pilot area wherein it provides comprehensive services for adolescents mainly on preventive health management and counseling on unplanned pregnancies. Its establishment was made through the technical assistance provided by the DOH RO 6, PHO and the untiring support of Engender Health Inc. through their project Visayas Health. This development is very crucial and timely because of the current growing pregnancy problems among our teenagers. Earlier on, we recognized a need that this project should be available in our LGU. Even then we know that this project is achievable and sustainable. With your kind indulgence, let me tell you why we embrace the program, and how we did it to achieve our goal.

I have served as Mayor for 12 years. At present, I am the Executive Assistant, the Administrator of the said office. Although my husband is the current Mayor, our partnership to uplift the lot of Minanhnons since 1992 during the first year of the operation of Local Autonomy has kept me busier and more involved in a hundred other things outside of our domicile, including this role I play this morning, on the mayor's behalf. Although men and women interpret development issues and enact plans differently, women focus on the quality of life issues and respond to social injustice more successfully.

Ours is a long-term partnership for the development of Mina in coordination with different government agencies local and national most especially with the Department of Health. Mina, is a 5th income class rice producing municipality in the province. Truth be told, at the beginning of my administration we were a cash-strapped IRA-dependent municipality for many years. The long journey towards financial independence, economic growth, social progress and environmental security was truly nothing short of phenomenal. But the situation did not deter us not to do something to alleviate our condition from its poor situation; in fact, we took it as a challenge with open mind and hard work.

Mina has a land area of 4,340 hectares, the smallest town in Iloilo with population of 23,921 and 21% of the population belongs to the 10-19 age range. For those who don't know, we are located in the central part of Iloilo, landlocked by the bigger and richer first class municipalities of Pototan, Janiway, New Lucena, and Cabatuan. Ours is an agricultural economy where croplands covering 84% of our total land area are devoted to rice production, the main source of income of our people.

Back then, at the start of my administration, I made the health of our people my No.1 priority because we truly aspire for a healthy citizenry. During that time we are in the top three highest in number of cases of malnutrition in the province. When malnutrition is high a lot of health concerns follow. Being a 6TH income class municipality then, was not a hindrance for our administration to embark on developmental programs and projects to benefit our people. From scratch, we abstracted the socio-economic development targets, establishing the vision and mission and focused primarily our development programs in four important areas: Health, Economic, Education and Social services, underlying the importance on the peace and order situation.

All of the national government programs were taken in and brought down to the grassroots level. Though we lack the essential funds to govern well, we remained pragmatic about what works for us. Our desire for change, economic development and healthy citizenry cannot be done for us by the outsiders. Our financial means were the most challenged. But then before, empathy compelled us to sharply focus on addressing numerous

health issues affecting our constituents due to widespread poverty in our municipality. The program required an assessment of the existing health and medical situation in the community. This requires the conduct social interviews of household members and numerous consultations at the barangay level. Our objective was to gain insights on the problems. We did this with the coordination with Municipal Social Welfare Development Office (MSWDO), Municipal Planning Development Office (MPDO), the POPCOM thru Barangay Service Point Officer (BSPO) and Municipal Disaster Risk Reduction Management Office (MDRRMO) who are in-charge of the demography or social profiling of our people.

It definitely opened my eyes to the faces of poverty wherever I went. It was common place in many rural household to have 8 to 9 children, a husband working as a farm hand or laborer, and a wife as a homemaker and laundry woman. Many of these families lived in makeshift houses, unusually; there was also the phenomenon of rising single parent families. Based on our findings aside from economic problems the presence of domestic violence, incest, child abuse were also dominant problems in these families. Teenage pregnancies are also increasing in number. The need for help was palpable; the situation is giving a negative effect to our people's desire for a long-term economic stability. The strategy we employed was to implement holistic approach, practical and low cost projects to address health care issues. This is an important component for the application of the Family planning program and health services more effectively.

In 2009, the Philhealth Regional Office 6 gave us recognition as the 1st LGU in the province of Iloilo to have a 100% enrollment of our poorest of the poor in its program. With this, we gain capitation share that played a big role in the acquisition of RHU equipment, improvement of the facility and enhancement of skills/training of health personnel that improved the quality of delivery of health services to all Minanhnons.

Over the past five (5) years, Mina Health Center had served an average of 411 (359 adults and 52 teens) prenatal cases per year with the teens constituting about 13% of the total pre-natal cases. For the same period, an average of 190 (145 adults and 45 teens) clients were provided with postpartum care per year with the teens constituting 24% of the total postpartum cases seen. Hence establishment of AYRH Clinic in our municipality was a vital response to this social problem.

Further, prior to AYRH scheme, the LGU through the help of provincial government, established a teen center at Mina national high school with a population of 2,003 students (school year 2015) and an average of not less than 2% increase in enrollment every school year. Statistics show that our country has one of the highest numbers of teen pregnancies in Southeast Asia. According to the United Nations Population Fund Agency, it is "a communal problem, a family problem, and a personal problem all rolled into one". This is how we saw the situation in Mina. A need for a Holistic approach to counter the problems. The teen center established support the programs of AYRH especially in the preventive measures wherein RHU personnel, MSWDO, POPCOM and PNP women's desk joined forces to continuously educate our young people especially on the difficulties in raising a family when they are not yet ready. Advocacies conducted through symposium, meetings and small group discussions wherein responsible sexuality, normal male and female anatomy and risk/danger of pregnancy and other significant issues at adolescent age are dealt with. (10-19 years old)

Our surveys in mina showed that the common reasons for teenagers becoming pregnant includes unplanned sexual encounters, social media or influence of internet based pornography, peer pressure to try out, lack of information on safe sex and contraception, brake down of family life, drunkenness and effects of use of illegal drugs or substances, lack of good female role models in the family, and the relationship within the family. Many of these teenagers are from poor backgrounds whose families suffer from dire economic conditions.

Although our RHU is well equipped as birthing facility, the DOH and Philhealth guideline also states that all teen pregnancies should be delivered at the hospitals since it is considered as high risk pregnancy. As one of the member municipalities of the Central Iloilo Health Zone Alliance (CIHZA), Mina refer pregnant teens to the Program for Young Parents (PYP) Center at the Iloilo Provincial Hospital (IPH) on their seventh month of pregnancy. The PYP in IPH was launched in August 2014. The PYP provides a dedicated space and day for antenatal consultations for mothers 19 years old & below. Interactive educational sessions are conducted to reach out to teen mothers, their partners and significant adults. The sessions include: Danger signs of pregnancy, FP and Gender, Breastfeeding and Life skills. Linkages with partner institutions like DepEd, TESDA, DSWD and DOLE are established once the teen clients complete the sessions and deliver their babies to allow them, their partners, & significant adults preferential access to services & programs for education & livelihood.

Being at high risk, pregnant teens are supposed to deliver in a facility that can provide Comprehensive Emergency Maternal and Newborn Care (CEMNC), hence the referral to IPH for delivery. Upon discharge, IPH refers mothers back to the RHU for postnatal care, family planning, and well-baby care. It has been observed, however, that at least 50% of young mothers come to the hospital just as they ready to deliver (direct to delivery room), thus, they are unable to benefit from the educational sessions under the PYP designed specifically for them at IPH. Many of these young mothers are not ready to accept Post Partum Family Planning (PPFP) and are discharged without any method and these are the clients lost to follow up and can benefit from the educational sessions and postpartum care in Mina RHU. Hospitals are usually unable to follow up cases once discharged.

OBJECTIVES:

- To increase FP awareness and use among adolescent pregnant and postpartum mothers and their partners in Mina
- To strengthen referral system between Mina AYRHC and IPH PYP especially discharged adolescent postpartum clients who did not avail of FP services in the hospital.

PROGRAM INTERVENTION:

An orientation on the Unmet Needs Reduction Strategy (UNRS) and the PYP educational sessions was held on 11 May 2017, with the AYRHC core team (MHO, PHN (Public Health Nurse), four RHMs (Rural Health Midwives), and the MSWDO in attendance. The orientation was to enhance the knowledge and skills of the AYRHC core team on how to deal with adolescent pregnant and postpartum mothers. Ten (10) satisfied users were coached on how to share theirs for family planning. They will support BHWs, BSPOs, and Nurse Deployment Program (NDPs) in generating demand for family planning. Mina RHU proposed the inclusion of a tracking portion in Referral Form to indicate what sessions the client has attended, so that these may be duly noted when they are referred to IPH for delivery. To the extent possible, young clients are provided FP services before they are discharged from IPH. Should the client opt to access family planning services at the RHU, IPH indicates this at the back of the referral Form for follow up at the RHU. The PYP Champions at the IPH secures a list of the teen moms from Mina who delivered at IPH and provides this to Mina AYRHC for follow up by the Mina Satisfied Users (SUs) and BHWs. The Teen mothers followed up by the SUs and BHWs will be referred to the RHU on Fridays. Every Friday will be the

Moms' Day at the AYRHC wherein educational sessions are conducted to pregnant and postpartum teen mothers and their partners.

Different educational sessions are scheduled every Friday. For example, danger signs and symptoms of pregnancy, birth planning and PhilHealth will be covered on the first Friday of each month; family planning and gender on the second Friday; breastfeeding and life skills on the third Friday; and linkages with development partners on the fourth Friday. Teen Mothers interested to use an FP method will be provided the method of choice also on Fridays.

RESULTS:

For the month of May, 2017, a total of 62 pregnant women came for prenatal check-up, 38 were adults or 61% and 24 (39%) were teens. The 24 pregnant teens were seen at the AYRHC on the last three Fridays of May for prenatal check-up and attendance to educational sessions are for referral to IPH.

Likewise, 31 postpartum teen moms were followed up at AYRHC on the last three Fridays of May 2017. Twenty-five teen mothers were referred from IPH and 6 was referred from other facilities of those referred from IPH, 2 were IUD users and the rest are not using any FP methods. The 31 PP teen moms attended the educational session at Mina AYRH. Ten or 35% of the PP teens not using a method were provided and FP method five pills, three DMPA, two IUD. Post Partum teens refer to those teens who delivered in IPH and referred to Mina AYRH regardless of the number of weeks postpartum.

Our town also has share of problems related to use of prohibited drugs, domestic violence and child abuses, teen pregnancy and more. We have successfully implemented programs to counter drug problems. Today, all barangays have been declared as drug free. For domestic violence and child abuse, we have established the 1st Balay Paglaum in Iloilo to handle such incidence wherein counseling to pregnant teens and young fathers as well as those minors who are victims of rape or other forms of abuse. For alternative source of income among farmers, we set up program, entitled Municipal Agriculture Information System (MAIS) to address the problem of food shortage, low household income and employment in the agricultural sector. For those young girls who quit going to school because of their condition they could still continue afterwards, we have Alternative Learning System (ALS) given for free to take care of that situation. We also have a skills training center which is TESDA accredited for our teen moms or their partner to avail of free vocational skills training to be able to land a job to support their family.

The DOH has been a veritable source of very good and workable ideas, programs and projects, and solutions to the health concerns of our people. Thank you also to the USAID and Engender Health incorporated for your Visayas health project. In behalf of Mina LGU, please allow me to commend you for your people centered outlook to the health issues affecting especially the poor and marginalized sectors of our society. We are grateful and we look forward to the implementation of people oriented programs and projects that benefit our country as a whole. I hope you continue to make funding accessible to support our health programs and uplift the lives of the poor. We at the LGU will do our best to lead in implementing your programs at the grassroots level. Key components of your family planning program are already being implemented in our town. Our joint effort proves that this program can be feasible, and being a 5th income class LGU with limited resources is not an excuse for not establishing your programs especially the essential teen clinic among others and give the badly needed support to the teen moms.

CONCLUSION:

Teen mothers unable to avail of FP services in the hospital can still be given the opportunity to avail of the services by strengthening referral connections and intensive follow up. RHUs can play an important role in addressing gaps that hospitals can't respond to. Other LGUs may come up with their own version of the AYRH program depending on their situation or need. The important is the universal effort that government can provide to resolve problems arising from teenage pregnancies, mortalities and population control and for LGUs to maximize the implementation of family planning and AYRH programs to truthfully reach the grassroots levels.

It is recommended that the system successfully implemented by our town be adopted for nationwide implementation.

- Ensure FP info and service are provided to teen mothers before discharge
 - Ensure that Post-Partum teen mothers are located and followed-up
 - Ensure that there is a strong and functional referral system between the hospital and the RHU especially where teen mothers are concerned.
- If a 5th income class IRA dependent LGU like our town can do this as much for its people in facing the challenges involving poverty and population control most likely other LGUs can do a lot better. In our case we still hope to avail the grant for Adolescent friendly health facility to upgrade further our services.

With your continued guidance and support together with our dedication and commitment to do what needs to be done, we can also be a model of sustainable partnership in reaching our goal--- A COUNTRY WITH EFFECTIVE AND SUSTAINABLE FAMILY PLANNING PROGRAM.

Thank you and once again good morning

San Carlos City Tech4ED Center Managers visit Mina

Mayor Grabato welcomes the visitors from San Carlos City during a short program.

The Municipality of Mina was visited by 15 Tech4ED Center Managers from San Carlos City, Negros Occidental on March 17, 2016. The on-site visit to other Tech4ED Center specifically aims to observe the best practice of the center. The group was welcomed by Mayor Grabato during a short program conducted at the new SB Session Hall. They were also welcomed by the members of the Sangguniang Bayan and Department Heads of the LGU.

The Mina Tech4ED Center, one of the consistent top performing centers nationwide, has been the venue of lakbay-aral and on site visit of the different LGU and organizations from other regions.

The group headed by Mr. Raymund Gepitulan, Supervising Cooperative Development

Specialist and Engr. Joseph Binghay, Information Officer II of LGU-San Carlos City greatly appreciated what they have learned not only from the center but from other best practices of the LGU.

The DICT personnel, Engr. Gymeo Sollano, Engr. Theodore Hernando, Ms. Ma. Rosa del Rio and Mrs. Relyn Nunez accompanied the visitors to the municipality.

The Department of Information and Communications Technology through its Field Operation Office (Visayas Cluster-1) headed by Mr. Frederick DC Amores, endeavors to harness information, communications and technology of every Filipino through bringing digital literacy opportunities further to the countryside.

“HINUN-ANON sa MINA parte sa Buhis sa LUPA, BALAY, kag mga MAKINARYA”

The Mina Treasurer's Office conducts first grand pulong-pulong on June 27, 2017 at Mina Sports and Cultural Center, entitled “Hinun-anon sa Mina parte sa Buhis sa Lupa, Balay kag mga Makinarya”.

Taxes are the lifeblood of the government. In doing its share to increase revenue collection of the municipality, this office conducted the activity as one of the strategies for tax information campaign. Furthermore, this is to inform the public where their taxes go and what are their benefits which is done in such a way that it can be easily understood even by less educated taxpayers. As a result, this will foster a high level of compliance and minimize misunderstanding of tax laws and regulations. The taxpayers will understand their important role in LGU development. Hence, this will enhance locally revenue sources by increasing people's awareness thru information and education campaign.

In cooperation with the Provincial Government, thru the Provincial Treasurer's office represented by Ms. Corazon Estelita Beloria, Assistant Provincial Treasurer with Municipal Assessor, Ms. Dory Emelo, Municipal Agrarian Reform Officer, Mr. Elmer Lorenzo and Atty.

John Michael Defensor, a representative from Provincial Legal Office, this activity was successfully held.

The participants were the barangay officials from the 22 barangays, since they are sharing the 25% of the 1% of the Basic Tax Share. The DepEd Elementary Teachers and Mina National High School Teachers, were also invited to attend because they are the ones helping to educate and disseminate information to the taxpayers. The 50 percent of the 1% of SEF tax share goes to Municipal Special Education Fund. The Farmer's Federated Association of Mina and some delinquent real property taxpayers of the Municipality were also present during the Pulong-pulong.

50 couples participate in Mass Wedding Ceremony

On June 13, 2017, the Municipality of Mina through its Civil Registry Office in coordination with the Municipal Social Welfare and Development Office (MSWDO) conducted a Mass Wedding Ceremony participated by 50 couples. This activity is the response of the Local Government Unit to the increasing number of couples who are living together without being married, thus producing illegitimate children. Moreover, these children cannot be included as their parent's beneficiaries in the Philhealth Program intended for the welfare of the indigent families in the municipality.

Miss Maria C. Tomo, the Municipal Civil Registrar and Mrs. Perla P. Parreno, MSWDO joined efforts in encouraging unmarried couples from the different barangays to participate in the Mass Wedding Ceremony without any fees except to comply with the documentary requirements. The couples were also taught on how to fill up the marriage application form.

The ceremony was held at the Mina Sports and Cultural

New Tech4ED Center opens in Mina

Mina Skills Training Center hosts the 5th Tech4Ed (Technology for Economic Development) Center in Mina, Iloilo and was formally launched on April 7, 2017 with Center Managers, Darilee P. Parreno and Nanette G. Patarata. Engr. Theodore Hernando, Engr. Gymeo Sollano, Engr. Elmer Prudente, Ms. Ma. Rosa del Rio, Ms. Faith Canales and Tech4ED Focal person, Mrs. Relyn Nunez from the Department of Information and Communications Technology (DICT) graced the launching activity.

The Municipality of Mina has already four operational Tech4ED Centers which are located in Mina Community eCenter, Brgy. Cabalabaguan, Brgy. Amiro and Brgy. Badiangan.

The Tech4ED project of DICT establishes centers in rural and underserved areas to expand access to ICT services, learning resources and opportunities for entrepreneurship and employment.

It was indeed a great opportunity for the municipality to have another Tech4ED Center. The gratitude to the DICT was conveyed by the LGU's Exec. Asst. V, Former Mayor Lydia E. Grabato who represented Mayor Rey P. Grabato together with Sangguniang Bayan Members namely, Hon. Noel Espiritu, Hon. Germaine Dableo and Hon. Rose Karen Defensor with LGUs Department Heads.

by Municipal Health Officers, nurses and midwives from the different health offices and hospitals in Region VI. Her topic focused on Increasing Family Planning and Use Among Adolescent Parent in Mina, Iloilo.

The Secretary of Health, Hon. Paulyn Jan Ubial was also the speaker and one of the panelists along with the representatives from POPCOM and Engender Health.

The AYRH Teen Moms Clinic was cited by Former Mayor Grabato as one of the interventions being implemented by the LGU in partnership and close collaboration with DOH Regional Office.

To address the increasing numbers of teens who got pregnant, the local administration under Mayor Rey P. Grabato opted to establish the AYRH Teen Moms Clinic in the

Municipality of Mina. The core team composed of Municipal Health Officer, nurses and midwives managed the clinic and the implementation of its programs. Pregnant teens are referred to the clinic to avail of pre-natal services and educational sessions about Philhealth availment, birth planning, danger signs of pregnancy, gender, family planning, breastfeeding, life skills and linkages. However, those reaching 7 months of pregnancy are already referred to Iloilo Provincial Hospital for its Program for Young Parents up to the time they will deliver their babies. After delivery, they are referred back to the AYRH Teen Moms Clinic for the provision of post partum services and Family Planning Methods to prevent second pregnancy. As a result, the teen moms can pursue their

study and find jobs to sustain their family.

The USAID in partnership with Engender Health is providing assistance to our country through the Visayas Health Project who work to address the bias, myths and misconceptions on Family Planning, promote postpartum and other long-acting and permanent methods and mobilize community networks for health promotion. The project will work to accelerate progress towards achieving the Millennium Development Goals 4 and 5 (Reducing Under 5 and Maternal Mortality). These key interventions in which Mina's AYRH Teen Moms Clinic is one of the mentioned interventions will reduce unmet need for family planning especially among poor and women below age 18.

Assessors Office holds General Revision Activity

The Office of the Municipal Assessor in Mina, Iloilo with other municipalities in the Province of Iloilo is holding the General Revision Activity of Assessment and Property Classification this year. The preparation of Schedule of Market Values (SMV) and other related activities has started this year and will take effect in 2018.

The Schedule of Market Values for different classes of real property used by the provincial, city or municipal assessor as basis for the appraisal, assessment of real properties in their respective territorial jurisdiction for real property taxation purposes.

The legal basis why there is a need to revise the SMV are based on Sec. 219 of RA 7160 or the Local Code of 1991: General Revision of Assessment and Property Classification; Section 212 of RA 7160: Preparation of Schedule of Market Values and Sec. 201 of RA 7160: Appraisal of Real Property. The revision of SMV is required by law, as it reflects the current market value of properties based on an updated base unit values; it discovers properties not listed in assessment rolls and can correct inaccurate and/or duplicated entries in the real property database. It promotes transparency and accuracy in the property market to entice investors.

As mandated by the Local Government Code, the province shall conduct General Revision Activity once every three years. However, the province missed four general revisions, the last one was in Year 2003 or equivalent to 14 years. There is now a need to update the market values of real property to equate them with the fair current values of real properties.

The Office of the Municipal Assessor headed by Dory Emelo and staff, Laila S. Patriarca implemented various activities such as the conduct of field ocular inspection, together with job hired employees, Aljohn Patanao and Bernadette Castilla. The resectioning of Tax maps was also done by Mr. Dennis Hisuan while the pinning and preparation of FAAS were done through the help of Dolyn Benasfre and Dexie Consumo who are under the Government Internship Program of DOLE. BPLO issues 556 business permits

The Business Permits Licensing Office (BPLO) recorded 556 business permits, 119 franchise, 95 Special permits, 100 Trisikad and 132 affidavits and certification issued and released for first semester 2017.

The first 20 days of January of every year is the most busy days for the office. On January 3, 2017, the office was transferred to the newly constructed Business One AStop Shop (BOSS) building, timely for the renewal and processing of Business Permits and Licenses. The clients are entertained in one area where application, assessments/payments and releasing of corresponding permits and licenses were done in compliance with JMC 2016-01, issued by DILG, DTI and DICT. Window 1 is intended for accepting and verifying requirements and for issuance of application forms to the clients; Windows 2, 3 and 4 are for Assessment and Payments; Window 5 for Releasing of the approved permits and licenses. Clients were conveniently waiting at the designated area and need not go to different offices to get their documentary requirements. Bureau of Fire Protection is also located at the BOSS for the issuance of Fire Safety Inspection Certificates (FSIC).

by Maria C. Tomo, BPLO

The Joint Inspection Team (JIT) conducted inspection to all businesses after the end of the first quarter of the year. They are inspecting businesses to check and verify permits issued and giving notice of reminders to those who have not renewed their permits.

MDRRMO Accomplishment Report January to June 2017

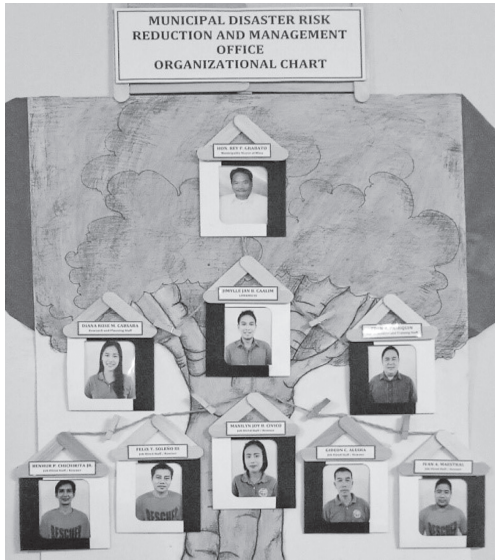

The Municipal Disaster Risk Reduction and Management Office (MDRRMO) headed by Mr. Jimylle Jan B. Caalim with its staff namely Mr. Eden Pasuquin Local Disaster Risk Reduction and Management Assistant in-charge of Administration and Training, Diana Rose Cabsaba Local Disaster Risk Reduction and Management Assistant in-charge of Research and Planning and Gideon Aludia, Job-hired, in-charge of Operation and Warning are making sure that most of the programs, projects and activities in line with disaster management are implemented as mandated by the RA 10121.

Last February, 2017 the MDRRMO and its Operation Center was inaugurated and blessed by Rev. Fr. Henrietto Losaria, Parish Priest of Mina and attended by all Department Heads and Mina Town Hall work force. The newly renovated office and operation center is located adjacent to the Town Hall.

Other programs on Disaster Preparedness and awareness were also implemented. One of these were through distribution of Disaster Manuals during the culminating activity last April 21, 2017 participated by all Barangay officials and volunteers and participants who attended of the seminar and workshop conducted by the Office on April 21, 2017.

Earlier this year of 2017, the Municipal Disaster Risk Reduction and Management Office operated its Operation Center 24/7 by hiring staff namely; Felix Soleno III, Benhur Chichirita Jr. Manilyn Joy Civico and Ivan Maestral, in order to cater the daily emergencies such as vehicular accidents and other related emergencies except for medical and OB-Gyne related cases.

Last May 2017 the MDRRMO participated in the Seal of Good Local Governance Evaluation. There are several areas evaluated. One of which was the Disaster Risk Reduction and Management Area. Through the efforts of our MDRRM officer and its staff, all areas were successfully presented perfectly during the evaluation.

Family Developmental Session was conducted to all members of Pantawid Pamilyang Pilipino Program or 4P's of the Municipality of Mina was handled by the MDRRM Office with Mr. Jimylle Jan B. Caalim, Eden Pasuquin, Diana Rose Cabsaba and Gideon Aludia as speakers.

Prior to the goal of the operation center to save lives, each staff of the MDRRMO operation center had already catered 55 cases of vehicular accidents and emergencies from January 2017 to June 2017.

The purchase of disaster equipments and supplies needed at the operation center was also prioritized. Presently 8 radio handsets as communication equipments, Radio and television as monitoring equipments, and portable mini sound system and projector for the seminars and trainings were acquired. The purchase of medical supplies was also made possible for daily emergency uses. The purchase of the new responder vehicle has already undergone bidding process on June 2017. This was charged under the MDRRM Fund.

All of these activities were made possible through the efforts of MDRRMO staff and through the full support of our Municipal Mayor, Honorable Rey P. Grabato and Executive Assistant V, Madam Lydia E. Grabato, SB Members headed by Vice Mayor Bernardino Chichirita, and the entire MTH workforce.

As of now, we are continuing what we have started and see to it that all programs, projects and activities concerning our office will be properly implemented.

MPDO Accomplishment Report January-June 2017

The secret of joy in work is contained in one word – excellence. It was the main goal of the Planning Department, to attain excellence in every job that it performed. For the first two (2) quarters of the FY 2017, our department had performed many accomplishments, as follows:

MPDO facilitated in the compilation of the documents and assisted in the conduct of the Seal of Good Local Governance (SGLG) 2017 on May 22, 2017.

Moreover, the department also carried out the Local Poverty Reduction Action Team (LPRAT) and Municipal Development Council (MDC) meetings updating the latest, on-going and upcoming projects of the municipality.

The preparation of Annual Investment Plan 2017 and 2018 and the Annual Accomplishment Report 2016 were materialized by the office and submitted in the required period of time.

MPDO as the designated Building Official issued 16 building certifications for the business permit applicants, 6 certificates of occupancy, and 3 building and electrical permits for the building applicants, and approved 42 electrical permit applications.

Another responsibility of the office is the monitoring of the 20% Development Fund supported projects and as of January – June 2017, there were three (3) projects

implemented – (1) Repair/ Rehabilitation of Market Motorpool and Installation of Electricals of Food Terminal Market; (2) Construction of Concrete Perimeter Fence and Relics Display Table; and (3) Repair/ Rehabilitation of RHU Building. The said projects were funded thru MDC Resolution 2017-002 which stipulates the request of realignment of the amount of TWO MILLION EIGHT HUNDRED FIFTY THOUSAND PESOS from the 2017 20% Development Fund Current appropriation.

Our office was also part of the Joint Inspection Team (JIT) that conducted Business and Agro-Industrial establishments' inspection in the municipality together with the representatives from Business Permit and Licensing Office and Municipal Treasurer's Office.

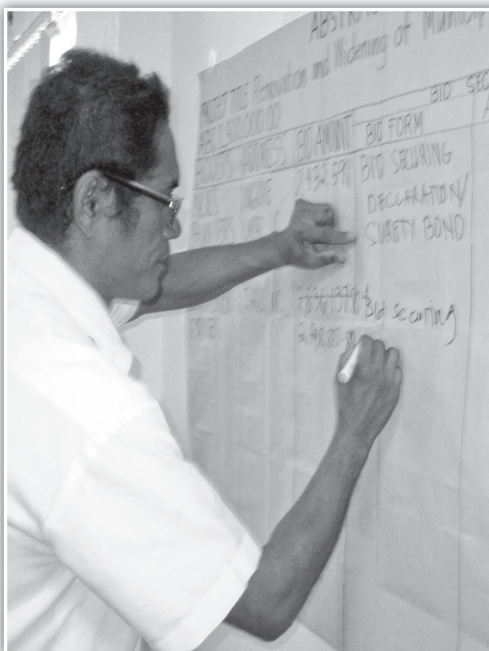

To further the knowledge and skills of the MPDO personnel, the following trainings and seminars were attended:

1. Roll out Training on the Operational Guidelines on the Implementation of 2016 PCF at Iloilo Grand Hotel, Iloilo City last January 12, 2017.
